It Might Be Called Data – We Think of It as Knowledge

Our databases
provide knowledge:
information you can
use in real life.

Louis
Database

Louis is one example of our
databases. Do you need a
book in braille, large print,
recorded, or computer disk format? Check Louis —
it will tell you if the item is available and where to find
it. Louis lists the location of over 170,000 items available
from more than 180 agencies!

Greetings from APH President Tuck Tinsley

Welcome to the 2004-2005 edition of the *APH Adult Life Catalog*. The products in this catalog were selected for their usefulness to adults who are visually impaired and for others with special needs. Items in the catalog range from high- to low-tech and are designed to promote independent living.

APH is committed to the development of products for adults. We work continuously to identify the needs of this population, design products to meet those needs, manufacture the products, and distribute information about them through our catalogs and our Web site. APH also offers various

services that support our products, such as product training workshops.

Please feel free to contact us with your product ideas or needs. We hope to hear from you soon.

Tuck Tinsley III

Sincerely,
Tuck Tinsley III, Ed.D.
President

Services from APH for Adults

This section lists services provided by the American Printing House for the Blind. An Adult Resources appendix in the rear of the catalog lists other agencies that may be helpful to you.

Full-Time APH Researcher Devoted to Adult Products

APH employs a full-time staff member dedicated to researching and developing an ever broadening

range of products useful to older students and adults.

Services Offered from the APH Web Site: www.aph.org

APH offers several services free-of-charge through our Web site. The *Louis Database* allows users to search for APH products, academic tests, Braille Authority of North America (BANA) code books, or 175,000 books in accessible media from over 180 agencies across the U.S. APH products and books may be ordered via the Web site. Contact information is given for obtaining materials from other agencies.

photos, and some are enhanced with features such as brochures, product demonstrations, and *Fred's Head Database* links.

The *Fred's Head Database* is a unique and growing collection of information, tips, and tricks for independent living. This easily-searched database contains entries on such diverse topics as public transportation, accessible nutrition, accessing computers, and much more.

New Easier-to-Use *Louis* Screens!

We think you will find that the improved *Louis* screens are more user-friendly. A drop down box now allows searchers to specify search type (keyword, title, author, subject), and another keyword box allows users to narrow their searches. Items are listed with descriptive headings and product

The *Accessible Media Producer's Database* allows you to find the location of producers across the U.S. who create materials in braille, large print, and sound recording formats. The database also lists transcribers with expertise in accessible tests and tactile graphics.

What Is the Federal Quota Program?

The federal Act to Promote the Education of the Blind was enacted by Congress in 1879. This act provides accessible educational materials to eligible students who meet the definition of blindness. Federal funds are available to organizations in each state to provide materials for students working at less than college level. These organizations may be residential schools for the blind, state departments of education, or other agencies serving people who are blind.

Who Is Eligible?

In order for students to be eligible for registration in the Federal Quota Program, they **MUST** meet the following requirements.

- meet the definition of blindness
 - "central visual acuity of 20/200 or less in the better eye with correcting glasses or a peripheral field so contracted that the widest diameter of such field subtends an angular distance no greater than 20 degrees"
- "be enrolled in a formally organized public or private, nonprofit educational program of less than college level"
- be enrolled with the registering school or agency on the first Monday in January

But Doesn't This Just Apply to School Children?

There is no chronological age limit for eligibility. An adult is defined as a student over school age as determined by respective state law. To be registered, adults must have a written educational plan and must be receiving a minimum of 20 hours per week of instruction in an educational program. Social and leisure programs do not qualify as instructional programs.

To learn more about the Federal Quota program, contact the APH Field Services Department at 1-800-223-1839, ext. 300. Our web site, www.aph.org, has contact information for the Ex Officio Trustees in your state. These Trustees can help you determine if your program or those you serve qualifies for Federal Quota funds.

About This Catalog

Service Since 1858

Since 1858 the American Printing House for the Blind (APH) has been creating unique products for people who are visually impaired or blind. APH is a nonprofit organization. It is the oldest company in the United States manufacturing products for blind people and is the largest organization of its kind in the world.

Expanded Dolch Word Cards

These flashcards, consisting of 220 sight vocabulary words and 95 words with pictures, can be used for reading practice or an informal assessment of a student's ability to read words in contracted braille and to spell words in uncontracted braille.

Cards measure 3 1/2 x 2 inches, with an orientation corner cut. Words are shown in contracted braille on one side and uncontracted braille on the other, with large print on both sides. Picture-Word Cards contain a picture corresponding to the word. 30 blank cards allow for adding words. Indexing tabs and a storage box included.

Recommended ages: 5+

Expanded Dolch Word Cards: 1-03560-00.....\$20.00

Contracted (Grade 2) Braille Cards

Flashcards for drilling on the braille literary code. Includes in both large print and braille:

- Alphabet and numbers
- Punctuation and composition signs
- One-cell whole-word and part-word signs
- Two-cell contractions
- Short-form words

There are total of 247 cards measuring 3 1/2 x 2 inches. The first 26 cards contain the braille alphabet on one side and large print on the other. Remaining cards contain contracted (Grade 2) braille on one side and both uncontracted (Grade 1) braille and large print on the reverse.

Eight blank cards, 30 indexing cards with tabs, and a storage box are included. Recommended ages: 6+

Grade 2 Braille Cards: 1-03561-00.....\$10.00

Swing Cell

Introduce beginning users to the braille cell with this teaching device. Two rectangular blocks, hinged at the top and mounted on a wooden base, each hold three pegs to represent the braille dots. In the vertical position, the pegs form the braille cell. In the horizontal position, the pegs show the position of the keys on a braillewriter. Recommended ages: 5+

6-78040-00.....\$53.50

Shows the relationship between a braille cell and the keys on a braillewriter.

Swing Cell Compact

Smaller and lighter than the original Swing Cell (and without the base) Swing Cell Compact helps students understand the relationship between the braille cell and the keys on a braillewriter. Internal storage of pegs. Recommended Ages: 5+

Examples of Some APH Slates

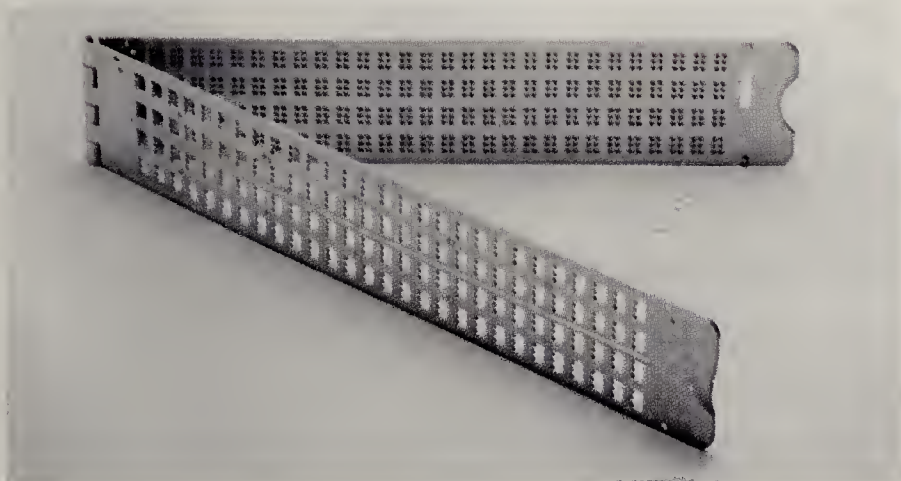

27 Cell Desk Slate

After writing four lines, open the slate and slide it down until the pegs fit into the next set of holes, and continue writing (up to 28 lines).

4x6 Interpoint Slate

This 9-line, 21-cell slate is made of durable plastic. When you fill one side of the paper, you can flip the paper over and start writing on the other side. Features pins on the corners to prevent your paper from shifting. Includes a Saddle-Shaped Stylus.

Interpoint Pocket Slate

Lets you write on both sides of the paper (interpoint braille). Two holes in the top plate allow you to create offset registration holes, so that when you turn the paper over and put it back in the slate, embossing on the back will not interfere with the braille that is already on the front.

NEW!

Flat Stylus

This thin stylus can be easily kept in

the pocket of a notebook or binder and is flat to prevent rolling. It comes in two color-coded sizes.

Large Yellow Flat Stylus:

1-00121-00.....\$2.50

Small Green Flat Stylus:

1-00122-00.....\$2.50

SlateHolder

NEW! APHont(TM): A Font for Low Vision

APHont(TM) (pronounced Ay'-font), was developed by APH specifically for low vision readers. APHont embodies characteristics that have been shown to enhance reading speed, comprehension, and comfort for large print users. In the near future, the entire APHont Suite (Regular, Bold, Italic, and Italic Bold) will be available free-of-charge on the APH web site.

Features:

- More even spacing between letters.
- Higher crossbars.
- No serifs.
- Wider letters.
- Heavier letters.
- Underslung "j" and "q".
- Letters more open.
- Larger punctuation marks.

Note: APH makes no claim that APHont is an appropriate font for children who are just learning to read.

How to Request APHont:

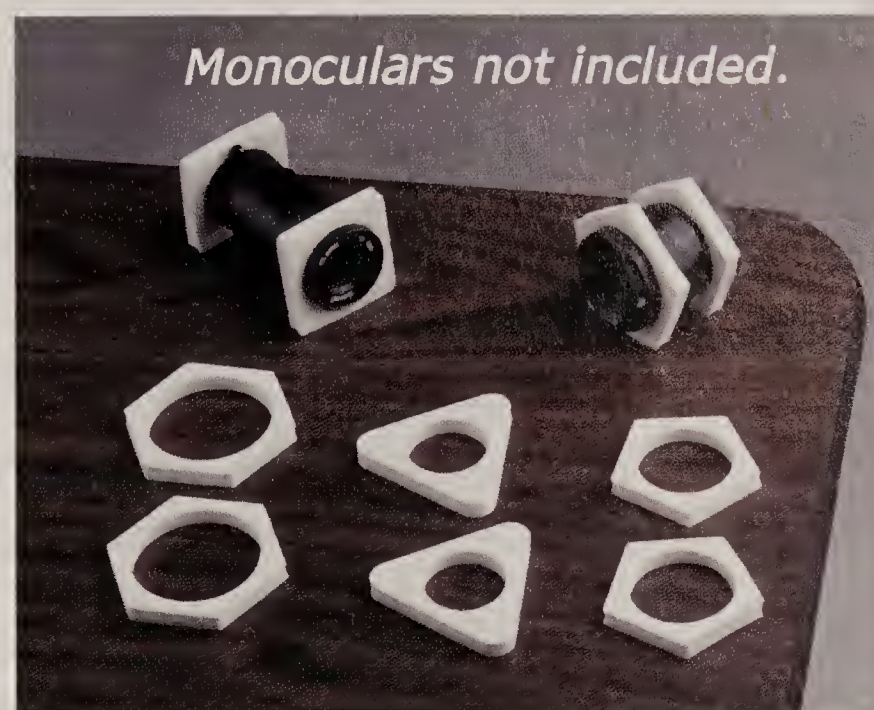

The complete APHont Suite will be available as free-of-charge download from the APH web site. When downloading, users must validate that APHont will be used by or for visually impaired persons. For more information, write to catalogs@aph.org.

RollBuster

The original RollBusters are foam rings that keep your monocular from rolling away and provide some protection from impact. RollBuster rings come in pairs – place one ring around each end of your own monocular. The rings friction-fit and have flat surfaces on their outside edge to stop the rolling!

RollBusters come in a set of five pairs, with four different sizes. The sizes of the inside diameters are: triangles – 25 mm; squares – 28 mm; pentagons – 30 mm; and hexagons – 40 mm (there are two pairs of the 30 mm size).

UltraLens

Black lights, which generate both UV and blue light, are sometimes used in vision development activities. UltraLens glasses screen out 100% of UV and blue light while still allowing the wearer to see the “glow” of materials as they fluoresce. A soft case is included with each UltraLens.

Note: *Filters like the UltraLens should always be worn by both the practitioner and the child during exposure.*

UltraLens Adult (can be worn alone, or over spectacles): 1-08175-00.....\$9.00

ENVISION

The ENVISION training program uses high-interest characters such as Emmy the Emu to teach students to use optical devices. Covering skills such as tracing, tracking, and scanning, it includes stories, practice activities, and clinician reports.

There are separate ENVISION programs for distance and near-magnification devices, with each further divided into materials for students ages 10 and under and one for students ages 11 and older.

ENVISION I for Distance Devices includes:

- Two large print teacher manuals for monocular telescopes, one for younger and one for older students
- Consumable materials packet
- 48 distance cards
- Two "Emmy the Emu" Puppets
- One tote bag

ENVISION I Program with Telescope Array includes above instructional materials along with five of the most commonly used monocular telescopes (2X, 4X, 6X, 8X, 10X) in a foam-lined case.

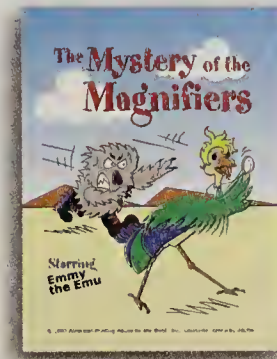

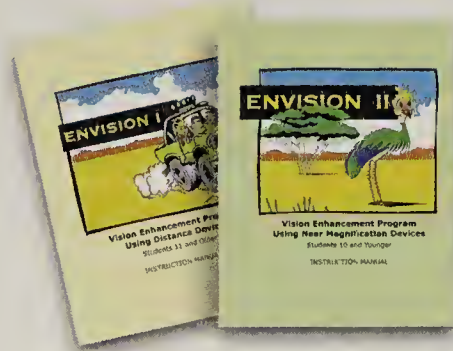

ENVISION II for Near Magnification includes:

- Two large print teacher manuals for hand-held magnifiers, one for younger and one for older students
- Two student activity books
- Consumable materials packet
- Two "Emmy the Emu" Puppets
- Five *Mystery of the Magnifiers* comic books
- One tote bag

ENVISION II Program with Magnifier Array includes above instructional materials along with six of the most commonly used hand-held magnifiers (1.8X, 4X, 5X, 6X, 8X, 10X) in a foam-lined case.

NEW! *Denver the Guide Dog Video*

It's a great day at APH as Heathcliff, APH Vice President Gary Mudd's hard working guide dog of twelve years "hands over his harness" to Denver, the young up-and-comer. Produced by Discovery Channel's Animal Planet® Pet Stories series, this video is for anyone who would like to know more about guide dogs or would just like to meet Denver.

During this half-hour, see how Denver got his start, "made the cut" at guide dog school, and was matched with Gary. Be amazed at

how hard the two of them have worked to become the team they are. There's not a dry eye in the house during the reunion scenes when Denver's puppy trainer returns to find such a confident and capable guide dog!

REVISED! *Portable Sound Source 2003*

This classic APH device produces an audio tone that provides directional cues for orientation and mobility training, sound localization training, or for playground games. It has a variable rate of tone pulses and pitch.

The revised Portable Sound Source 2003 comes with an easier way to replace batteries using a new battery door located on the bottom of the unit. The Sound Source uses four C-cell batteries, not included. Although it does not have a built-in recharger, you may use rechargeable C-cells from your separate recharger.

Induction Neck Loop

Improve your understanding of voices on tape!

Some hearing aids have a built-in device called a "telecoil." The telecoil can receive a signal from APH's Induction Neck Loop, which consists of a wire loop that the user places around his or her neck.

Plug the Neck Loop into the 3.5 mm headphone jack of an APH cassette recorder/player and then switch the hearing aid to the telecoil setting. Many hearing aid users find this direct signal improves their understanding of voices on tape.

Check with your hearing aid dispenser to determine if your hearing aid has a telecoil.

Talking Typer for Windows® Now with Enhanced Voicing

Talking Typer is computer keyboarding and typing training software that speaks and displays lessons on screen. Includes drills, practice, and typing games. Adjustable to the student's level of skill and sight impairment. Recommended ages: 6+

New Options for Ordering!: All three options noted below contain the latest version of the *Talking Typer* program. The only difference is the higher or lower quality of the synthetic speech.

Talking Typer (with Enhanced Voicing) uses new computer voices that sound much closer to human speech. This version of *Talking Typer* provides a higher measure of intelligibility and less fatigue for audio users.

Talking Typer (without Enhanced Voicing) is lower cost and is available by electronic download only.

Talking Typer Upgrade will allow you to add Enhanced Voicing to any version of *Talking Typer for Windows* that you currently own. The Upgrade will also upgrade your copy of the *Talking Typer* program, if needed.

Requirements to Run

- PC running at least Windows 95®
- Internet Explorer® 5.5 or later;
- 64 megabytes of RAM;
- 10 megabytes of hard disk space;
- CD-ROM drive;
- Sound card with speakers.

NEW! *Loving Me*

Loving Me, written by Billy T. Brookshire, is designed for those who seek to help people who are blind and visually impaired, their families, and the professionals who work with them explore the origin and expression of their self-esteem in a workshop format.

Loving Me is a large print manual with a CD-ROM, making the curriculum accessible to everyone. The two-binder set contains 120 activities from which to build self-esteem workshops. Children, transition-age youths, and adults can all benefit from the good balance between the theoretical and practical aspects of self-esteem in this book.

NEW! *Time for Art: Art Projects*

Time for Art is a handbook designed for teachers and parents that explains how to teach art, how to handle the media being explored, and the points to consider in art program planning for students who are visually impaired. Companion lessons explore other areas such as science, history, or mathematics.

Projects include:

- Fake Fossils
- Sandscript
- Paper-Mache Bowls
- Pinch Pot
- Raised Line Drawings
- Aluminum Repousse
- Mixed-Media Puzzle of Me
- Coiled Pot

A comprehensive list of art materials suppliers is offered at the end of the guidebook. *Time for Art* consists of a regular print guidebook and a CD-ROM. The CD contains an HTML edition of the guidebook that is accessible to visually impaired users.

NEW! *Guided Art Stories*

This set of audiocassettes introduces students to thought-provoking adventures based on characters found in paintings and sculpture.

A verbal description of the work of art allows the listener to visualize a picture in the mind's eye. After listening to the story about the artwork, the student creates a storyboard or diorama based on the story and describes the construction. This activity becomes a valuable lesson in the power of descriptive language for blind and sighted students alike. Includes print guidebook and three audiocassettes.

Features:

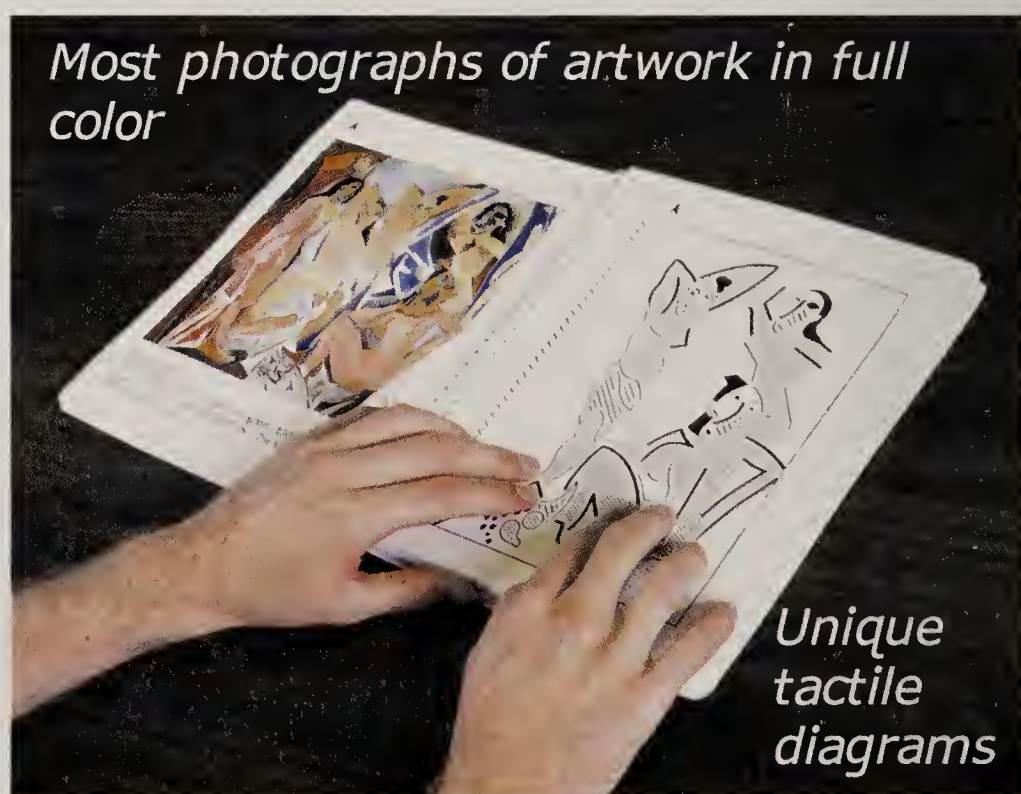

- Diagram Manual with printed images of artworks and corresponding tactile representations.
- Cassette tapes that guide you through the tactile diagrams.
- An accessible Teacher's Supplement on a PC-formatted floppy disk. Includes such items as: text of the audio narrative, art appreciation activities, and incorporating art into core curricula.

In the Complete Kit, the Teacher's Supplement is provided on floppy disk only. A Braille Teacher's Supplement is available separately.

Recommended ages: Portions of *Building Blocks* can be used with students 8 years and up. Teacher-guided study: 8 to 14. Independent study: 15+

Coming Soon!

Watch for these new APH products soon to be released!

Once these products are in stock, catalog numbers and prices will be announced on the APH web site, in the *Louis Database*, and in the *APH News*.

Light Box Activity Guide Level I in Spanish

Soon to be produced in a Spanish edition, these materials are designed to be used with the APH Light Box (catalog #1-08660-00) to teach basic visual skills, eye-hand coordination, and simple matching skills.

***Winter Solace* APH InSights Art Holiday Card**

The latest addition to APH's line of APH InSights Art Cards, *Winter Solace* features a painting of a bridge in snow by Lucille "Honey" Knechtel, an adult artist from Pennsylvania.

K-FAST – Kaufman Functional Academic Skills Test

This assessment determines reading and math skills as applied to daily living situations such as understanding medicine labels or budgeting monthly expenses.

Quick Pick: Counting

The Quick Pick series consists of plastic packets containing large print/braille flashcards. The set is self-correcting, since the card will only slide out of the packet when the child chooses the correct answer. Quick Pick: Counting helps children practice their counting skills.

Revolution Sportball Cadaco IXL

This 5.5" foam-covered plastic ball continues to make sounds even after it has stopped rolling, making it useful for children learning to crawl and for developing indoor sound localization skills.

IntelliTactiles: Prebraille Concepts

These APH designed tactile overlays work with the IntelliKeys® keyboard to teach pre-braille skills such as shape discrimination, texture recognition, and spatial concepts.

IntelliTactiles USB Overlay Companions

APH currently sells the IntelliTactiles™ Standard Overlay Companions for the IntelliKeys® Classic Keyboard (catalog number #1-08515-00). These new overlays will provide tactile equivalents for the IntelliKeys USB Keyboard.

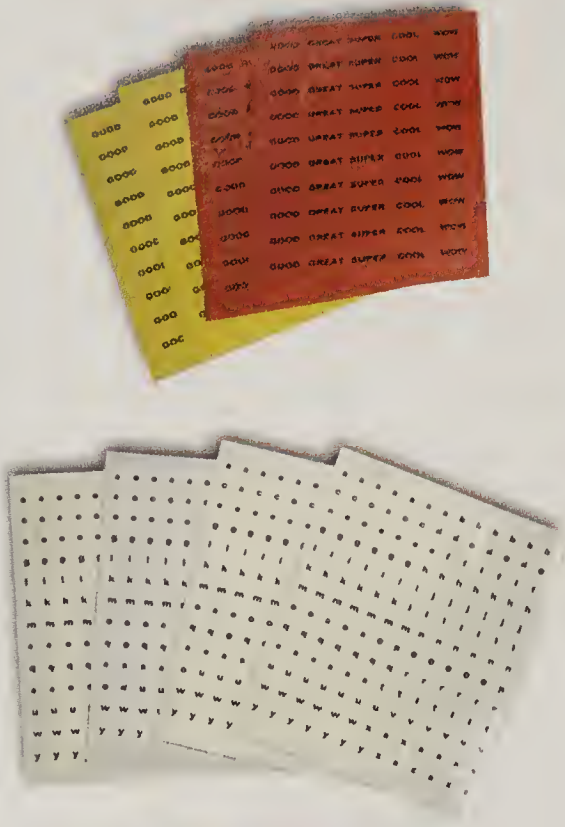

Book Wizard Reader

Book Wizard Reader software will allow you to read a variety of digital talking books using your PC's sound card and speakers. It includes a large number of features to control the reading environment, such as navigation by word, phrase, or line.

Verbal View of Windows XP

A comprehensive tutorial for *Windows® XP* that teaches the use of key strokes rather than the mouse, and is not dependent on a particular screen reader.

Say what you feel and feel what you say!

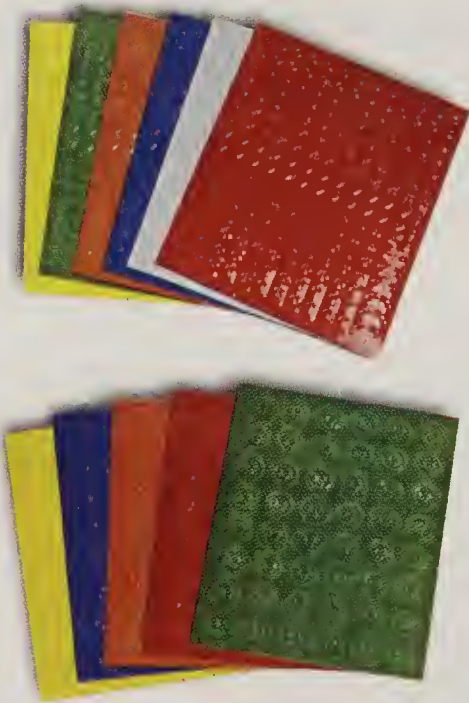

Feel 'n Peel Stickers combine visual messages with tactile images and braille. Bright colors and high contrast get attention, while durable plastic keeps the braille easy to read.

How could you use APH's Feel 'n Peel Stickers?

How 'bout...

- **Point Symbols:** graphs, game boards, microwave buttons
- **Reward Statements:** grading papers, rewarding behavior
- **Faces:** attendance, behavior
- **Alphabet:** labeling folders, identifying belongings, diagrams.

*“Billy Brookshire’s
Loving Me is a welcomed
addition to our
professional literature.”*

– Dr. Dean Tuttle

***Loving Me:
A Guide to Creating and Presenting
Workshops on Self-Esteem***

Designed for those who seek to help people who are blind and visually impaired, their families, and the professionals who work with them, *Loving Me* aids in the preparation of workshops to explore the origin and expression of self-esteem.

Available in large print and on CD packaged together, the information is accessible to everyone. Contains 120 activities from which to build self-esteem workshops. Children, transition-age youths, and adults can all benefit from the good balance between the theoretical and practical aspects of self-esteem in this book.

Three Easy Ways to Order:

U.S. Customers Order Over the Web

- Go to www.aph.org for accessible, secure ordering
- System is friendly for synthetic speech and large print users
- Click on the "Shop APH" link
- One-time, easy account setup
- Purchase on-line with these types of funds: Discover®, MasterCard®, or Visa®; purchase order; or Federal Quota funds (with Ex Officio Trustee approval)
- **New! Easier-to-use order screens.**

Order by Mail

- Mail us an order form or a letter stating desired items and quantities. Include a check, money order, or credit card number with expiration date.
- Mail order to:
American Printing House for the Blind, Inc.
1839 Frankfort Avenue
P.O. Box 6085
Louisville, KY 40206-0085
- **IMPORTANT:** Please do not mail cash. Checks and money orders must be in U.S. dollars. Kentucky residents include 6% sales tax.

Order by Phone

- 1-800-223-1839:
Call toll free and use a credit card.

Ordering for an Organization

If you have an account established with APH, use your organization's purchase order; otherwise use a check or credit card. If you are ordering with Federal Quota funds, send a Quota Order Form signed by the Ex Officio Trustee who administers the account.

Shipping Methods

- Shipping Methods within the U.S.: Most material ordered by or for people who are visually impaired can be shipped Free Matter for the Blind. Some exceptions apply.
- If you wish to use another type of shipping, contact APH before placing the order. APH will give you the cost of shipment based on the items you order and the type of shipment preferred. This amount must be sent along with the purchase price of the items. Please also note on your order the type of shipment you prefer.
- Shipping charges will be added when ordering "Special Touch" gift items or the Primer Electronic Magnifier. Please call for more information.

Special Ordering Instructions for Certain APH Software Products

APH offers two convenient ways to order certain software products. These instructions apply to *Learn Keys™*, *Talking Typer™* for Windows®, and *Termite Torpedo*.

Braille DateBook!

The Braille DateBook is an attractive planner-organizer designed specifically for braille users!

Keep track of appointments, addresses, family schedules, class assignments, and more with the Braille DateBook from APH. Use it at your desk or on the go—it is sturdy, compact, and fits in a backpack or briefcase.

This handy binder holds one hundred pages including tabs and calendar, has a pocket for a slate (not included), a place to hold an APH Saddle Shaped Stylus, and a Velcro® fastener keeps it all secure.
